SUMMARY OF THE REASONS FOR DECISION:

The magazine entitled *Wet Set Number 12* is classified as:
Objectionable.

The magazine has been given this classification because it promotes and supports the use of urine in association with sexual conduct under s3(2)(d) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act). Much of the magazine is dedicated to depictions or descriptions of urination in association with sexual arousal or sexual conduct. Because of the titillatory manner of the magazine and the presentation of the act of urination as sexually arousing, the publication is considered to promote and support the use of urine in association with sexual conduct. The New Zealand Bill of Rights Act 1990 (NZBR Act) has been considered in relation to the magazine's content. However, because s3(2)(d) of the FVPC Act applies, and is a deeming provision, in this instance a meaning cannot be found which is consistent with s14 of the NZBR Act.
